# Business in the 21<sup>st</sup> Century

## YOUR ROAD MAP TO SUCCESS

This course provides owners and managers with a full array of proven tools, information and advice on how to position their business for success. Topics such as strategic thinking, business strategy, benchmarking, compensation planning, marketing strategy and human resource management are among the critical key areas addressed. The course offers a comprehensive understanding of how to use the Key Performance Indicators (KPI) to identify opportunities for improvement, develop a business plan, set target performance, use a scoreboard, track progress and develop a culture of continuous improvement. Understanding how to measure, report and maximize KPI's are critical to success. Participants who bring a Benchmark Report to the course gain the added benefits of applying course teachings directly to their business.

### Financial Management Courses

**More than ever, collision center operators need to understand the key metrics that drive their business.**

This course series is designed to help today's managers gain a competitive advantage in their respective marketplace by teaching them to strategically think about their business strategy and understand Key Performance Indicators while developing an effective business plan.
