ADVANCE FILLER
200510

Advance Filler is a lightweight filler designed for professional use to repair damaged body panels where increased productivity, decreased material costs and premium results are desired. Its unique formula is designed to spread and level to a smooth finish, reducing sanding time to remove heavy texture. It easily sands with 80 grit sandpaper, eliminating the need for coarse grits that can cause sand scratch swelling.

- Spreads and levels to a smooth finish
- Tack-free, non-clog sanding
- Stain-resistant
