

PAINTERS SUPPLY & EQUIPMENT CO.

RF055L01 COLOR THEORY APPLICATION

INSTRUCTOR: MARK BONO

FRIDAY - MAY 15, 2020

11:30 AM - 3:30 PM

***PAINTERS SUPPLY & EQUIPMENT
LEARNING CENTER***

**25195 BREST RD.
TAYLOR MI 48180**

Course Content

Color Theory Application includes a discussion about the different effects light has on colors. There will be discussions about color matching objectives and the different types of paint applications, to include metallics and pearls. The students will perform a series of hands-on activities that will enable them to evaluate a matte finish, evaluate colors with a value and color movement chart. The students will plot three different colors using a color-plotting chart during the last hands-on activity.

REGISTRATION DEADLINE: MAY 14, 2020
